

[illegible]

Skills Review Activity

Description: In “[What Makes a Good Tester?](#)” lesson, we learnt about the different skills a tester needs. Reflect on those skills to identify ones you’d like to develop and research useful resources to support your learning and development

Testing Skills I Want to Develop	Useful Resources for Further Learning

Prioritise Activity

Description: From the two lists above, choose 3 priorities to develop and create [smart targets](#) to achieve them:

- 1.
- 2.
- 3.

Bonus activity!

Return to your questionnaire from Lesson 1 “[Introduction](#)” and answer the questions again to see how much you have already learnt! This should give you confidence that you can achieve the two lists above.
